

## Quality assurance

To be able to meet our clients' requirements we have set high standards for the commitment and qualification of our staff. Profound professional qualification and constant advanced training are the conditions of our quality requirements. In addition to expert knowledge, individual solutions also require experience that we have gathered in thousands of individual consultations. HPS was certified by the German Society for the Certification of Management Systems (DQS - deutsche Gesellschaft zur Zertifizierung von Managementsystemen) in accordance with DIN EN ISO 9001:2000 and received the quality seal of the association of tax advisors.
